Inspired

The Raksha Christian Guest House was inspired by our stay in the Philippines, Manila, during our theological studies in 2009. The Guest House was officially established in January of 2014 and is managed by Ranjana Singh who has a

rich experience of working at the UMN guest house in Tansen for 5 years. While working at the UMN Guest House, Ranjana had a great opportunity of meeting and knowing many people from different countries. During those years, she noticed that people need safe, friendly, family environment and a Christian environment to stay in. Therefore, Raksha Christian Guest House is here to make your visit an unforgettable and enjoyable experience.

While we were away from home in the Philippines and our own culture, longing for family environment, our Pilipino and our friend from a different continent fulfilled our needs. In the same way, we want to treat our guests in the best possible way so they will bring back many memories of Tansen, Nepal and their stay with us.

Salt and Light

We also wanted to get involve in full time ministry without depending on others and by earning an income to support our ministry here in Tansen. We want to be SALT and LIGHT in the community. Therefore, Raksha Christian Guest House is here to make an income that will help us and other people do God's work in Nepal.

We welcome all of you to our Guest House here in Tansen, Nepal. You will be treated so well that you will encourage others to visit us as well.
